RE: Request Number [Request Number \[REDACTED\]](#)

Submitted on: 09/24/2026

Description of records requested: Requesting the internal-affairs/administrative investigation file, related personnel records concerning termination, and internal Flock Safety/ALPR audit-trail or system-usage-review records for former Officer Zachary Klein, connected to the criminal investigation that led to his indictment on 100 counts of Misuse of Official Information (Tex. Penal Code Sec. 39.06(e)) in Case No. 2026-0455, State of Texas v. Zachary Klein, 159th Judicial District Court, filed 08/21/2026. This includes any audit reports, query logs, or system-usage reports reviewed as part of that internal investigation.

Dear [REDACTED]

Find in the link above csv files from the camera system of Mr. Klein's searches. These have all been previously released.

However, the criminal investigation into Mr. Klein's activities was conducted by the Texas Rangers; therefore, LPD has no records pertaining to the investigation. You will need to contact the Rangers.

Also, per Texas Open Records Act section 143.089(g), information maintained in a police department's internal file is confidential and generally must not be released.

However, to request personnel files, please place an open records request to the city of Lufkin's HR department.

Thank you,
Jackie Zimmerman
