MINUTES OF THE REGULAR WORK SESSION OF THE
CITY COUNCIL OF THE CITY OF BAYTOWN

March 11, 2021

The City Council of the City of Baytown, Texas met in a Regular Work Session on Thursday, March 11, 2021, at 5:30 P.M., in the Council Chamber of the Baytown City Hall, 2401 Market Street, Baytown, Texas with the following in attendance:

Laura Alvarado	Council Member
Jacob Powell	Council Member
Charles Johnson	Council Member
Mike Lester	Council Member
Heather Betancourth	Mayor Pro Tem
Kevin Troller	Assistant City Manager
Karen Horner	City Attorney
Leticia Brysch	City Clerk

Mayor Capetillo convened the March 11, 2021, City Council Regular Work Session with a quorum present at 5:30 P.M., all members were present with the exception of Council Member Johnson who arrived at 5:31 P.M., and Mayor Capetillo and Council Member Presley, who were both absent.

1. DISCUSSIONS

a. Receive and discuss a presentation regarding the City of Baytown Storm Water Master Plan.

Director of Public Works and Engineering, Frank Simoneaux presented the summary of results from the 2020 Master Drainage Plan. He introduced Mr. Al Flores and Mr. Jacob, representatives from Dannenbaum Engineering, the consultant firm who completed the study, as well as introduced Mr. Irwin Burton, the City Engineer, and Mr. Jesus Fabela, Drainage Foreman.

Mr. Simoneaux stated that the objectives of the study were to understand the existing drainage system and patterns, put that into a computerized model to further understand the effects of different types of improvements, and how that would affect the city's drainage, and to identify drainage improvements that could be implemented to improve drainage within the city. He noted that prior to 2020, the City's CIP did not really have any drainage projects included and further noted that most of the master plans that he has seen focused on high-level studies which just looks at regional projects and detention, but he instructed Dannenbaum Engineering to provide recommended improvements that would be more usable and could translate easily into capital improvement projects, which they did.

Mr. Simoneaux stated that the evaluation process included a meeting with city staff, whereas, the areas of town that were known to have recurring flooding problems were identified. He stated that during the year 2020, the Drainage Ordinance and the Floodplain Ordinance was updated, which changed some of the work Dannenbaum had to do, and they did without charges to the city. He stated that twenty of the twenty-one systems reviewed require some level of improvement.

Mr. Simoneaux stated that West Baytown, Danubina, Fayle, James, and North Alexander were all identified as having recurring drainage problems. He stated that each of the twenty-one systems were categorized as two different priorities based on the level of ponding with a two-year storm event. He stated that if the ponding was greater than one foot beyond the right-of-way with a two-year storm event it was categorized as a high priority system, the priority systems had from zero to one foot of ponding within the right-of-way, and the lower priority systems did not have any ponding in the right-of-way.

Further during the presentation, Mr. Simoneaux stated with regards to the high priority system, there were three areas identified, a large area in Danubina and two (2) adjacent areas in West Baytown. He stated that Danubina was by far the largest and most expensive system for improvements which was broken into three different phases with the first phase being the Harris County Flood Channel Improvements that includes a detention pond and trunk line. He noted that this area was submitted for funding under CDBG last fall; however, during the process of the master plan there were no final numbers. He noted that the grant was submitted less than the cost and if approved there would have to be some partnership opportunities with Harris County, especially considering the part of the improvement that includes their channel. Additionally, he provided maps demonstrating what would happen when improvements are done. He further noted that the maps were only estimates being in the model stage, but more accurate data would be available from the survey after the final design.

With regards to West Baytown, Mr. Simoneaux stated that there were two drainage areas with improvements broken into different phases with Phase 1 being the trunk line going down Oklahoma. He noted that this area was submitted for funding under Harris County Partnership Grant applied for in January and staff was waiting on a response, which if received, would be an approximate fifty percent grant.

He went through the other priorities in the same manner as the previous by providing a map of the estimated improvements. He stated that the James area drainage improvements include the detention it shared with Danubina and that the cost was included in the detention required for that area. He stated that although the tension would be located in the same place, staff would estimate how much was needed for that particular project. Additionally, he noted that other improvements included some strong drainage pipe.

With regards to the Narcille area, Mr. Simoneaux stated that there was a detention system shared with the Vine area that would need some channel improvements and storm drainage pipe. He stated that the North Alexander area needed detention and storm drainage improvements and was submitted under a CDBG grant last fall, in which staff

is waiting for a response. He stated that the West Main area needed detention and storm sewer improvements and that the Rollingbrook from Garth to Main area was much improved under the proposed conditions. Additionally, he stated that the North Main at State Highway 146 needed detention and storm sewer upgrades and noted that the remainder of the systems were listed as low priority systems.

In summary, Mr. Simoneaux stated that there were twenty projects identified with three being high priority, seven being priority, and ten being low priority. He stated that all systems proposed were storm sewer improvements that would capture the five-year event and further stated that the hundred-year event would be contained within the right-of-way. He stated that the next steps were to identify funding sources for all of the projects and seek opportunities for right-of-way. Lastly, he stated that it would be better to purchase vacant land now for the detention before it develops and further noted that staff would coordinate with the Harris County Flood Control on any project.

Council Member Alvarado inquired where and if the Mississippi Street trunk line was included in the Master Plan and further noted that it was not included with the grant for the Harris County. In response to Council Member Alvarado's inquiry, Mr. Al Flores with Dannenbaum Engineering stated that the area in question was on the West Baytown drainage improvement. Council Member Alvarado further commented to continue and concentrate on the Oklahoma trunk line as work was already done in that area. Mr. Simoneaux stated that he believed that the mentioned trunk line was in Phase 2 of the proposed improvements, but he would verify.

Council Member Lester noted that District 6 was approximately two-thirds of the overall general map and the numbers associated with the area was huge and typically meant that they were going to get pushed further and further back. He also noted that Districts 6, 2, and 1 were at the bottom end collecting the water from other areas. In response to Council Member Lester's comment, Mr. Simoneaux stated that staff would seek outside funding to assist with such issue.

b. Discuss any or all of the agenda items on the City Council Regular Meeting Agenda for March 11, 2021.

There was no discussion for this item.

2. ADJOURN

DRAFT
MINUTES OF THE REGULAR MEETING OF THE CITY
COUNCIL OF THE CITY OF BAYTOWN

March 11, 2021

The City Council of the City of Baytown, Texas, met in a Regular Meeting on Thursday, March 11, 2021, at 6:30 P.M. in the Council Chamber of the Baytown City Hall, 2401 Market Street, Baytown, Texas with the following in attendance:

Laura Alvarado	Council Member
Chris Presley	Council Member
Charles Johnson	Council Member
Jacob Powell	Council Member
Mike Lester	Council Member
Heather Betancourth	Mayor Pro Tem
Kevin Troller	Assistant City Manager
Karen Horner	City Attorney
Leticia Brysch	City Clerk
Mike Holden	Interim Sergeant at Arms

Mayor Pro Tem Betancourth convened the March 11, 2021, City Council Regular Meeting with a quorum present at 6:30 P.M., all members were present with the exception of Mayor Capetillo who was absent.

Pledge of Allegiance, Texas Pledge, and Invocation was led by Council Member Chris Presley.

Due to the COVID 19 Disaster and the CDC's recommendation regarding social distancing measures there was limited amount of space when maintaining the required 6-foot separation from others. However, the meeting allowed for two-way communications for members of the public who were not allowed to be physically present at this meeting.

1. THE CROSSINGS AT BAYTOWN PUBLIC IMPROVEMENT DISTRICT

a. Conduct a public hearing regarding the advisability of the proposed improvements associated with The Crossings at Baytown Public Improvement District.

At 6:32 P.M., Mayor Pro Tem Betancourth opened and conducted the public hearing regarding the advisability of the proposed improvements associated with the Crossings at Baytown Public Improvement District (PID).

Economic Development Manager Bret Gardella summarized the public hearing and stated that the developers made a presentation to council in November of last year and also before the Planning and Zoning Commission which was very well received by both. He noted that the

second meeting before Planning and Zoning was scheduled for Tuesday, which was the reason for the public hearing at this current meeting. Mr. Gardella stated that there were only two (2) property owners that would be impacted by such request, in which both are members of the PID, the PUD, and the development. Additionally, he stated that the property owners received the publications along with the letters sent to them and were interested in this PID being created.

Harvey Oyler and David Isaac registered to speak at the public hearing regarding agenda item 1.a.

Mr. Harvey Oyler, 6722 Crosby Cedar Bayou Road, noted that his property adjoins the subject property. He stated that he was unable to find a website or information concerning the two (2) applicants that signed a petition and inquired if the City vetted those companies as to their ability to financially and technically complete this project. In response to Mr. Oyler's inquiry, Mr. Gardella stated that both of the property owners were vetted along with the PID counsel and the PID consultant.

Mr. Oyler further inquired if the multifamily units would be low-income or rent-subsidized units and what type of fencing barrier wall would be expected next to his property line as he was concerned of the noise and trespassing. Mr. Gardella stated that the units would not be subsidized units or low-income in any sense, but probably be at the top end of the market. With regards to the fence barrier, Mr. Nathan Dietrich, Assistant Director of Planning and Development Services, stated that along the major thoroughfares of the collectors that share the property's development or property line would be masonry-type walls. He stated that on the backsides where there are single-family residential developments there should be a 6-foot-high wooden fence that borders around the rest of the property.

Additionally, Mr. Oyler inquired when Phase 1 would start. Mr. Gardella stated that Phase 1 could start as early as the end of the third quarter or potentially the fourth quarter of this current year.

Mr. David Isaac stated that he kept in touch with such developments throughout the few months, particularly on how the tax dollars were spent. Additionally, he stated that this was an adequate proposal that would do well and perhaps even create jobs that would spur the Baytown economy.

At 6:37 P.M., Mayor Pro Tem closed the public hearing regarding agenda item 1.a. Human Resources Director Carol Flynt presented the item and provided a video presentation for all the individuals that received years of service awards for the month of February.

2. CONSENT

A motion was made by Council Member Charles Johnson, and seconded by Council Member Mike Lester approving the consent agenda items 2.a. through 2.d. The vote was approved as follows:

Ayes: Council Member Laura Alvarado, Council Member Chris Presley, Council Member Charles Johnson, Mayor Pro Tem Heather Betancourth, Council Member Jacob Powell and Council Member Mike Lester

3. **APPOINTMENTS**

- a. **Consider confirmation of the City Manager's appointment of the City of Baytown Director of Public Affairs.**

Consider confirmation of the City Manager's appointment of the City of Baytown Director of Public Affairs.

Assistant City Manager Kevin Troller presented the agenda item and acknowledged staff, as well as, the recruiter for their hard work on the appointment. He stated that there were several vetting processes that ultimately determined the top 12 from over 100 applicants. He stated that the top four (4) were invited for interviews and the top two (2) were invited back a second time. Additionally, he stated that the City Manager selected Thomas Reeves to be the Public Affairs Director.

Mr. David Isaac registered to speak regarding agenda item 3.a. He acknowledged his appreciation for the position being filled and further noted that the public affairs office should also be adequately staffed. Additionally, he recommended that the Public Affairs Director play a part of the business incubation efforts.

Council Member Presley stated that the City of Baytown had never had a public affairs position until around the year 2009 and because he always has the taxpayers' dollars in mind he believed that things worked okay without the position. He stated that to increase the position from one (1) to three (3) was not exactly transformative as there was no need to fix what was not broken. He further stated that he subscribes to the City Manager being front and center of issues related to the media and think council members are elected to play a role as well. Additionally, he stated that Mr. Reeves was highly qualified and he was willing to give the idea another try.

Further during the discussion, Mr. Troller noted that he has been with the City through the entire time of the initial position and due to the legislative needs along with the complexities of the City there should be a professional who is focused and specifically trained on crafting the message of challenging issues to assist the City Manager and Mayor.

Lastly, Council Member Alvarado acknowledged Alice Jauregui for her tremendous work as the interim during the process of staffing the public affairs director position and extended welcome to Mr. Reeves.

A motion was made by Council Member Charles Johnson, and seconded by Council Member Chris Presley approving the appointment of Thomas Reeves as the City of Baytown Director of Public Affairs. The vote was approved as follows:

Ayes: Council Member Laura Alvarado, Council Member Chris Presley, Council Member Charles Johnson, Mayor Pro Tem Heather Betancourth, Council Member Jacob Powell and Council Member Mike Lester

4. MANAGER'S REPORT

a. Present information regarding the opening of the City's six (6) spray parks for the 2021 Summer season.

Assistant Manager Kevin Troller presented the agenda item and stated that the city's six (6) spray parks located at Roseland, Bergeron, McElroy, Pelly, Central Heights, and Jenkins Park open for the 2021 summer season on Saturday, March 13, 2021, 10:00 A.M. He stated that all of the parks would remain open through Sunday, November 7, 2021.

Mr. Troller recognized Mr. Dietrich for doing a phenomenal job on a situation during a board of adjustment meeting that took well over 45 minutes to resolve. He further recognized some of great activities throughout the community during the past weekend to include but not limited to a dog medicine give away that went extremely well, a dog frisbee tournament at Jenkins Park, a pop-up park at Carver and Oakwood neighborhoods, and the Hearts and Hands distribution at Lee High School. Lastly, he recognized Zachary Start for his customer service, Benny Schafer from Public Works and Engineering who received his Hot Mix Asphalt Certification, and Officer Jason Cox who got his Masterpiece Officer Certification.

Additionally, all city staff involved during the Board of Adjustments meeting was also recognized for doing a great job.

Meeting Date: 04/08/2021

Subject: First Public Hearing: Continuation of Juvenile Curfew Ordinance

Prepared for: Mike Holden, Police

Prepared by: Karen Horner, Legal

Department: Police

Information

ITEM

Conduct the first public hearing giving all interested persons the right to appear and be heard on the need to continue the City's juvenile curfew ordinance.

PREFACE

Conduct a first public hearing giving all interested persons the right to appear and be heard on the need to continue the City's juvenile curfew ordinance. The current curfew ordinance was enacted on May 11, 2006, was reviewed and continued on April 23, 2009, April 26, 2012, April 23, 2015, and April 24, 2018. Pursuant to state law, before the third anniversary of the adoption of a juvenile curfew ordinance and every third year thereafter, the City Council shall:

1. review the ordinance's effects on the community and on the problems the ordinance was intended to remedy;
2. conduct public hearings on the need to continue the ordinance; and
3. abolish, continue or modify the ordinance.

This is the first public hearing concerning the need to continue the ordinance. Another public hearing is scheduled to be held on April 22nd. After the second public hearing, the City Council may abolish, continue or modify the ordinance. The juvenile curfew ordinance will automatically expire if Council fails to act. Curfew hours are from 11:00 p.m. on Sundays, Mondays, Tuesdays, Wednesdays, and Thursdays until 6:00 a.m. the following day and from 12:01 a.m. until 6:00 a.m. on Saturdays and Sundays.

Subject: Resolution - Repealing Resolution No. 2705 regarding the issuance of a Notice of Intent to Issue CO's for the Convention Center & Infrastructure

Prepared for: Rick Davis, City Management **Prepared by:** Karen Horner, Legal

Department: City Management

Information

ITEM

Consider a resolution repealing Resolution No. 2705 regarding (i) the issuance of a Notice of Intent to issue Certificates of Obligation for the convention center facilities and related infrastructure and (ii) advanced funding.

PREFACE

This proposed resolution repeals Resolution No. 2705, which authorized (i) the issuance of a Notice of Intent to issue Certificates of Obligation for the Convention Center Facilities and related infrastructure and (ii) advanced funding.

On April 1, 2021, the Board of Directors of the Municipal Development District ("MDD") directed the General Manager to pursue the possible restructuring of the MDD's bond issuance to include an additional \$20.5 million for purpose of financing the City Facilities and to make a report of his findings. Such restructuring would serve as an alternative to the issuance of Certificates of Obligation by the City.

Based upon recent discussions with the Texas Attorney General's Office, the City's bond counsel reported that they raised no concern with the issuance by the MDD of sales tax revenue bonds to finance the City Facilities associated with the Convention Center. As such, this proposed resolution rescinds the City's notice of intent to issue certificates of obligations, which was passed by the City Council on March 4, 2021.

Meeting Date: 04/08/2021

Subject: Consider a petition for voluntary annexation of approximately 71.66 acres

Prepared for: Martin Scribner, Planning and Development Services

Prepared by: Harold Cheek, Planning and Development Services

Department: Planning and Development Services

Information

ITEM

Consider a resolution granting the petition of Earl W. Wilburn, Jr., for the proposed annexation of approximately 71.66 acres of land in Harris County, Texas, including 69.50 acres of land, legally described as Tract 37A-5, Abstract 21, G. Ellis Survey, Baytown, Harris County, Texas, along with approximately 2.16 acres being the entire width of N. Main Street right-of-way extending northwards approximately 1335.01 feet from the current city limits.

PREFACE

This resolution is the first step in granting the petition of Earl W. Wilburn, Jr., for the proposed annexation of approximately 69.50 acres and the adjacent North Main Street right-of-way extending northwards approximately 1,335 feet from its current terminus and containing approximately 2.16 acres, for a total proposed annexation of 71.66 acres. The subject property address is 8902 North Main Street and is legally described as a portion of Lot 13 of the Geo Ellis League Subdivision in the George Ellis League, Abstract No. 21, Harris County, Texas.

The subject tract currently has one single-family residence.

This resolution will direct the preparation of a service plan for the subject area, and will allow staff to negotiate and draft a written agreement regarding services for the subject area per the requirement of the annexation law (Loc Gov't Code §43.0672).

The applicant's petition and a vicinity map are attached for your review.

CITY OF BAYTOWN

Annexation Petition Checklist

The following list of submittal requirements shall be used by the applicant to prepare a complete annexation petition. The City shall also use the checklist to verify the completeness of the application at the time it is submitted. Applicants are responsible for submitting complete applications. Incomplete applications will be rejected and returned to the applicant.

- ✓ **Universal Development Application** – complete with all required signatures and notarized.
- ✓ **Application Fee** – \$300.00.
- ✓ **Petition Requesting Annexation** – complete with all required signatures and notarized.
- ✓ **Survey Map** – complete with narrative metes and bounds description of property and sealed by a Registered Professional Surveyor (R.P.L.S.).
- ✓ **Authorization:**
 - Ownership** – a recorded deed or other recorded instrument verifying ownership.
 - Agent Information** – if you are an agent and not the property owner, then you shall submit a notarized statement from the owner naming you as agent for this application.
 - Signatory Authorization** – if the property is owned by any entity or corporation and not an individual, please submit Articles of Incorporation or other documentation verifying signatory authorization.
- ✓ **Zoning Amendment Application** – a complete Zoning Amendment Application must be submitted at the same time as this annexation petition. This will place the property in a zoning district once annexed into the City. The annexation and zoning amendment process will occur concurrently.

By signing below I acknowledge that I have reviewed the general information and submittal requirements checklist and have included the required submittal items and reviewed them for completeness and accuracy.

LIMITED DURABLE GENERAL POWER OF ATTORNEY

This Limited Durable General Power of Attorney made and entered into on _____, 2021, by JO ANNE GILL, 15406 Icet Creek Ave., Baytown, Texas 77523-1501, is as follows:

1. **Agents.** I appoint the following individual as my true and lawful attorney-in-fact: EARL W. WILBURN, JR., 3614 Turtle Cove Dr. Pasadena, TX (hereinafter referred to as "my Agent"). The term "Agent" as used herein shall refer to my attorney-in-fact and any successor attorney-in-fact named herein, who are empowered to act for me, and in my name, place and stead.

2. **Scope of Authority.** Without limiting this power of attorney given hereby to my Agent, but merely by way of example, I grant to my Agent each of the following powers:

A. To execute on my behalf, any and all petitions and ancillary documents related to (i) the zoning of the property described on Exhibit "A" attached hereto (the "Property"), (ii) the creation of a public improvement district on the Property, and (iii) the annexation of the Property into any municipal utility district and/or the City of Baytown, Texas.

I grant to my said Agent full power and authority to do and perform all and every act and thing whatsoever requisite, necessary, and proper to be done in the exercise of any of the rights and powers herein granted, as I might or could do if personally present, hereby ratifying and confirming all that my said Agent, shall lawfully do or cause to be done by virtue of this power of attorney and the rights and powers herein granted provided.

3. **Disability, Incapacity or Death of Principal.** This power of attorney shall not terminate on my subsequent disability or incompetency. My death shall not revoke or terminate this agency as to the attorney-in-fact, agent or other person who, without actual knowledge of my death, acts in good faith under this power of attorney. Any action so taken, unless otherwise invalid or unenforceable, shall be binding upon me and my heirs, devisees, and personal representatives. An affidavit, executed by the Agent stating that said Agent does not have, at the time of doing an act pursuant to this power of attorney, actual knowledge of the revocation or termination of this power of attorney, is, in the absence of fraud, conclusive proof of the non-revocation or non-termination of the power at that time.

4. **Revocation.** This general power of attorney may be voluntarily revoked either by my written acknowledgment of revocation presented to my Agent, or if this power of attorney has been filed of record in the county of my residence then by my written revocation entered of record in the offices of the County Clerk of said county. I agree that any third party who receives a copy of this document may act under it. Revocation of the power of attorney is not effective as to a third party until the third party receives actual notice of the revocation. I agree to indemnify the third party for any claims that arise against the third party because of reliance on this power of attorney. I do not revoke any other agency-type arrangements I have entered into with others including but not limited to General Powers of Attorney, Durable Powers of Attorney for Health

Care, Medical Powers of Attorney, Directives to Physicians, Directives to Physicians and Family or Surrogates, and multi-party account agreements at financial institutions.

5. Interpretation and Governing Law. This instrument is to be construed and interpreted as a durable limited general power of attorney. The enumeration of specific items, acts, rights, or powers herein does not limit or restrict, and it is to be construed or interpreted as limiting or restricting the general power herein granted to my Agent to the enumeration of specific powers herein.

This Limited Durable General Power of Attorney is dated the day and year shown above.

Department: Public Works/Engineering/BAWA

Information

ITEM

Consider an ordinance authorizing acceptance, closeout and release of retainage to Angel Brothers Enterprises, LTD, for the South Main Street Drainage Improvements Phase 1 Project CDBG-DR 19-076-002-B351.

PREFACE

This proposed ordinance provides for the acceptance, closeout and final payment in the amount of \$384,531.27 which includes \$42,885.70 of retainage to Angel Brothers Enterprises, LTD., for the South Main St. Drainage Improvements Phase 1 Project, (CDBG-DR 19-076-002-B351).

This project completes drainage improvements from the intersection of W. Texas Avenue and S. Main Street to the intersection of W. Gulf Avenue and S. Main Street. The scope included replacing and upsizing the underground storm drainage system located on South Main Street along with replacement of the roadway pavement, sidewalk and utility adjustments.

The original contract amount was \$1,237,528.65. There were five change orders resulting in a revised contract amount. The first change order was an administrative correction, with no change in cost. The second change order added street pavement marking items that were not accounted for originally but required, in the amount of (\$137.00). The third change order was for various items required for the completion of the project, in the amount of (\$7,925.00). The fourth change order was for field corrections in the amount of \$6,291.00. The fifth change order was a true up change order in the amount of (\$36,398.00). The total revised contract amount was \$1,199,359.65. A total of 49 days was added to the contract for a total contract duration of 229 days.

This project was funded by the Texas General Land Office Community Development Block Grant Disaster Recovery (CDBG-DR 19-076-002-B351) provided funding up to \$1,802,857.00 Contract No. 19-076-002-B351.

The project was completed for a total amount of \$1,199,359.65. The project fulfills the grant requirements as set for by the Community Development Block Grant Contract No.

CITY OF BAYTOWN

RE: BUYBOARD Contract #631-20

TOPIC: Remodel Phase II – Admin & Office Areas

LOCATION: Baytown Public Works
2123 Market Street
Baytown, TX 77520

TRADE: Mechanical Contractor

SCOPE OF WORK: Partial Upgrade A/C

DESCRIPTION OF WORK SUBMITTED:

Contractor understands due to budgeting purposes, the complete upgrade of A/C for the building may be performed/released in a series of contracts rather than a singular contract.

Each Phase proposed will be capable of operating as intended both by the manufacturer's design and in accordance with the requests of the Public Works Department as well as to the benefit of The City of Baytown.

The proposed Daikin VRV Heat Pump System will carry a full 10-year parts warranty on all equipment and has a proven track record of energy efficiency. Its unique design and flexibility allow contractor and owner the opportunity to match equipment specifically with the project at each stage of completion making it an ideal choice for any remodel.

<u>ADMIN & OFFICE AREAS</u>	<u>Proposal \$118,690.50</u>	<u>Installing Contractor HTS</u>
--	-------------------------------------	---

This space is approximately one-third of the total remodel space planned and consists of eight (8) individual office spaces each between 100-200sqft, one (1) large conference room 600sqft, one (1) break area 350sqft, one (1) central planning and development area 400sqft, one (1) mechanical room 175sqft and 1,000 linear feet of associated hallways, corridors and walk spaces.

Mechanical Room will have single cooling only mini-split installed.

Contractor has proposed a Daikin VRV Heat Pump System for these spaces utilizing individual non-ducted cassettes sized for the occupied areas. This equipment choice eliminates the need for costly duct work and affords greater flexibility for equipment placement with more precise comfort control in each area.

Proposed system consists of (2) Outdoor Condensing Units supplying twenty (20) non-ducted cassette units placed throughout the space for optimal comfort. Systems will be configured for best performance and capable of operating independently preventing total loss of A/C should repairs be needed in the future.

Elimination of duct work will also reduce the number of days needed to complete this portion of the remodel and reduce overall construction costs.

All equipment will be installed per manufacturer's recommendations and will carry a one (1) year labor warranty on installation.

Contractor will provide Daikin VRV A/C equipment, refrigerant line sets, drain lines, refrigerant and labor to install the approved equipment. Contractor will demo accordingly existing equipment to make room for new equipment leaving where possible old system for some level of comfort in unapproved areas. Contractor will demo ceiling grid and ceiling tiles only to the extent needed for installation.

Equipment is currently available at the factory in Waller, TX.

Estimated time of completion for this portion of project is: 60 working days pending weather, equipment/material availability and job site accessibility. All work is expected to occur during normal working hours, Monday thru Friday.

Contractor will work with other trades to minimize any down time or delay in completion.

All electrical work materials and labor will be provided by others.

No BAS or automated services are included in this proposal.

City will provide laydown area and make ready for contractor to install outdoor equipment.

City will also provide for complete removal of ceiling grid and ceiling tiles not previously removed by A/C Contractor and replace with new tile and grid and perform all finish work.

A/C Contractor will provide factory startup on new equipment and 8.0 hours of owner training.

Proposal is Valid for 30 days.

Sales tax is not included; bonding and permits are not included; freight is allowed.

Disclaimer: Proposed equipment was not prepared by a certified engineer. No mechanical documents, schedules or other load calculations were provided by City of Baytown to installation contractor. All equipment layout and selections are recommendations. Final selection to be determined by Baytown Public Works. Any changes from recommended selections to final selections could result in pricing adjustments.

Subject: Purchase of Rescue Equipment through the 2020 UASI Grant

Prepared for: Kenneth Dobson, Fire

Prepared by: Victor Medrano, Fire

Department: Fire

Information

ITEM

Consider an ordinance authorizing an agreement for the purchase of rescue equipment from Dooley Tackaberry through the 2020 UASI Grant for the department's technical rescue team.

PREFACE

This proposed ordinance authorizes an agreement for the purchase of rescue equipment from Dooley Tackaberry for the Baytown Fire Department's Technical Rescue Team. In 2020, the fire department submitted an application for a grant through the Houston Area UASI group and was approved for various rescue equipment such as ropes, webbing, harnesses, and PPE. The rescue equipment items were sent out for bids. The department received three quotes and Dooley Tackaberry submitted the lowest quote for the items.

The rescue equipment will be purchased as part of the 2020 UASI Grant and gives the Technical Rescue Team that capability to continue to safely perform high angle and confined space rescue.

ITEM

Consider an ordinance repealing, in part, Ordinance No. 14,659, regarding the purchase of three (3) Chevrolet Tahoes from Lake Country Chevrolet through The Interlocal Purchasing System (TIPS), and authorizing the purchase of three (3) Chevrolet Tahoe Fire Vehicles, including related emergency equipment and installation, from Freedom Chevrolet, through the Tarrant County Cooperative Agreement.

PREFACE

This proposed ordinance repeals, in part, Ordinance No. 14,659, regarding the purchase of three (3) Chevrolet Tahoes from Lake Country Chevrolet through The Interlocal Purchasing System (TIPS), as Lake County Chevrolet is unable to provide the Tahoes. Therefore, this proposed ordinance authorizes the purchase three (3) Chevrolet Tahoe Fire Vehicles, including related emergency equipment and installation, from Freedom Chevrolet, through the Tarrant County Cooperative Agreement #2019-014, in the amount of \$152,188 for the Fire Department.

These are replacement vehicles that will be outfitted with the appropriate emergency equipment and technology to effectively serve our citizens.

The Fire Department proposed an ordinance authorizing the purchase of three (3) Chevrolet Tahoe's from Lake County Chevrolet through The Interlocal Purchasing System (TIPS) back in January. Council approved this ordinance at the January 28, 2021 City Council Meeting. Lake County Chevrolet was unsuccessful in obtaining the three (3) Chevrolet Tahoe's for the Fire Department. Therefore, this ordinance repeals, in part, Ordinance No. 14,659.

Exhibit "A"

INTERLOCAL AGREEMENT **State of Texas**

This Interlocal Government Agreement is entered into on the date countersigned by the City Controller ("Effective Date") pursuant to the Interlocal Cooperation Act, Texas Government Code, Chapter 791, by and between the City of Houston, hereinafter referred to as "HOUSTON" and the City of Baytown, hereinafter called "BAYTOWN".

1. Scope and Use

This agreement sets forth the understanding for BAYTOWN's operation and use of a 2008 Ford F550 Bucket Truck owned by HOUSTON known as and hereafter referred to as "Bucket Truck". The Bucket Truck has the intended use of assisting with law enforcement technical surveillance operations. In consideration for BAYTOWN housing, maintaining, repairing and insuring the Bucket Truck, HOUSTON shall provide the Bucket Truck to BAYTOWN for its operation and use for the term set forth below, subject however to any conditions, mutual covenants, terms, provisions and conditions contained herein.

2. Term

This Agreement shall be for a term of three years commencing upon the Effective Date, subject to termination as set forth herein ("Initial Term"). Upon expiration of the Initial Term, this Agreement shall be automatically renewed for two successive one-year periods ("Renewal Term") unless either party gives sixty (60) days prior written notice of non-renewal.

3. Laws and Restrictions

BAYTOWN shall comply with all applicable laws, ordinances, restrictions, and regulations as may be required. Violation of any federal, state, county, or city laws, ordinances, and/or regulations now existing or hereafter made may be considered as cause

for termination of this Agreement. Any monies spent pursuant to this agreement must be from current revenues available to the paying party.

4. Condition of Unit

BAYTOWN accepts the Bucket Truck in “as is” condition. Houston makes no representation or warranty as to the condition of the Bucket Truck to be accepted by Baytown.

5. Repairs and Maintenance

BAYTOWN is responsible for all repairs and maintenance of the Bucket Truck for the duration of this Agreement. The required repairs and maintenance include, but are not limited to: replacement of parts and labor necessary to keep the Bucket Truck in an operable and safe condition for its intended use.

6. Conditions and Duties

6.1 At a time and location to be determined by the Parties, HOUSTON shall make the Bucket Truck available for receipt by BAYTOWN, assist in providing training to Baytown employees for the appropriate use of the Bucket Truck and accept the Bucket Truck back upon termination of the agreement.

6.2 BAYTOWN agrees that it will use the Bucket Truck in a safe manner and only for its generally intended purposes.

6.3 BAYTOWN shall ensure that any personnel operating the Bucket Truck has been trained in its operation and functions, that (with the exception of operation incidental to repair) only law enforcement personnel shall operate the Bucket Truck, and that law enforcement personnel operating the Bucket Truck receive initial training and refresher training at least every two years.

6.4 BAYTOWN also agrees that it will not sell, convey, or in any way dispose of the Bucket Truck in any manner.

6.5 HOUSTON agrees that BAYTOWN may apply paint that is commonly accepted for law enforcement use and/or may apply any BAYTOWN logos to the Bucket Truck. Prior to returning the Bucket Truck to the City, Baytown shall remove any logo or paint and restore the Bucket Truck to its original condition subject to reasonable wear and tear.

6.6 BAYTOWN agrees to make the Bucket Truck available to HOUSTON within 14 business days of receiving a written request from the HPD Chief unless the Bucket Truck is otherwise engaged in operations by BAYTOWN.

6.7 BAYTOWN agrees to return the Bucket Truck to HOUSTON at the expiration or upon termination of this Agreement.

6.8 HOUSTON will not be liable for any physical injuries or any property damages caused by BAYTOWN in its use of the Bucket Truck, including the property of BAYTOWN, its officials, residents, agents or employees. Furthermore, HOUSTON will not be liable for any claim or right to compensation accruing from such injuries or damages.

6.9 No other use of the Bucket Truck shall be permitted, other than the rights herein specifically granted.

7. Insurance

7.1 Throughout the term of this Agreement, BAYTOWN shall maintain statutory workers' compensation coverage on its employees, and shall carry additional insurance against public liability for injury to persons (including death) and damage to property resulting from or arising out of, or alleged to have arisen from or resulted from,

BAYTOWN use of the Bucket Truck. Such insurance policy shall be in an amount not less than the maximum amount of liability exposure to which BAYTOWN and HOUSTON are exposed by virtue of Chapter 101 of the Texas Civil Practice and Remedies Code as it currently exists or to which it may be amended.

7.2 BAYTOWN agrees to waive any right of recovery against HOUSTON for loss or damage to persons or property with respect to the use of the Bucket Truck and to fully cooperate in the defense of the HOUSTON in cases of legal action stemming from the use of the Bucket Truck.

7.3 HOUSTON is under no obligation to furnish insurance coverage of any kind covering the Bucket Truck. In addition, in the event of partial or complete inoperable use of the Bucket Truck during the term of this Agreement, HOUSTON shall have no duty or obligation to make any repairs or to otherwise restore the Bucket Truck to an operable unit.

8. Use of Proceeds of Insurance

Any insurance proceeds received by the parties from any insurance on the Bucket Truck will, to the greatest extent practicable, be committed to repairing the Bucket Truck. If the Bucket Truck is incapable of being repaired, such proceeds will be used in replacing the vehicle. If replacement is not viable, the proceeds will be allocated as mutually agreed.

9. Termination

Either party reserves the right to cancel this agreement at any time. The party desiring cancellation must provide the other party with sixty (60) calendar day written notice.

10. Communications

The parties agree to mail or fax all communications to the following addresses, unless another address or fax number is provided in writing by either party.

Houston Police Department

Art Acevedo
Chief of Police
1200 Travis Street, 16th Floor
Houston Texas 77002

11. Non-Appropriation of Funds. The Parties' duties to pay money under this Agreement is limited in its entirety by the provisions of this Section. Each Party paying for the performance of governmental functions or services must make these payments from current revenues available to the paying party. Baytown recognizes that under Article II, Sections 19 and 19a of the City's Charter, and Article XI, Section 5 of the Texas Constitution, Houston may not obligate itself by contract to pay more money than the amount the City Council appropriates, and further recognizes that the City Council has not appropriated or allocated any funds as of the Countersignature Date for carrying out the purposes under this Agreement; and notwithstanding any other provision of this Agreement, that might otherwise be construed to the contrary, shall have no obligations to expend any Houston funds except to the extent that the Houston City Council, at its sole discretion, appropriates such funds.

12. Miscellaneous

12.1 This agreement constitutes the entire agreement between parties. No oral representation made prior to or after this agreement's execution will have any force and effect unless they are reduced to writing.

12.2 This agreement may be modified or amended upon the parties' mutual consent as evidenced in writing.

12.3 No waiver by HOUSTON of any fault performance by BAYTOWN in the past will constitute a waiver of any subsequent default.

12.4 Any invalidity of any part of the agreement will not cause the remaining parts to be invalid.

12.5 This agreement is governed by the laws of Texas. Venue shall lie exclusively in Harris County, Texas.

Meeting Date: 04/08/2021

Subject: Authorizing Change Order No. 1 for the Bayland Marina Dredging Project

Prepared for: Scott Johnson, Parks and Recreation

Prepared by: Scott Johnson, Parks and Recreation

Department: Parks and Recreation

Information

ITEM

Consider authorizing Change Order No. 1 to Apollo Environmental Strategies, Inc., for the Bayland Marina Basin and Channels Dredging Project.

PREFACE

Consider authorizing a Change Order No. 1 to Apollo Environmental Strategies, Inc., for the dredging of the Bayland Marina Basin, boat ramp access channel, ship channel connection channel and repair/replacement to the aids to navigation along the channels in the amount of \$154,215.00. This will increase the project to \$1,049,248.00.

The project was to dredge approximately 62,190 cubic yards of material and place into the Port of Houston's Spilman Island disposal site located directly across the Houston Ship Channel from Bayland Marina, on the south side of the Hartman Bridge. Prior to the project start in January 2021, a pre-construction survey was conducted indicating that an additional 13,410 cubic yards of silt was needed in the project area. The original survey was conducted following Hurricane Harvey.

The project was delayed by the Army Corps of Engineers' dredge project in the Houston Ship Channel. The project began in late February and is expected to be completed in mid-April. Repair/replacement of the aids to navigation (Channel Markers) is included in the project.

The current estimate of the project is:

● Dredge Contractor (Apollo)	\$895,033.00
● Change Order Number 1 (Apollo)	\$154,215.00
● Port of Houston, ACE Tipping Fees	\$504,047.00
● Consultant Fees (Moffatt and Nichol)	\$98,900.00
● Total estimated Project	\$1,652,195.00
FEMA may reimburse up to 90% of the project.

Subject: Consider an ordinance awarding the Annual Nuisance Abatement Mowing Contract for the Health Department

Prepared for: Tony Gray, Health

Prepared by: Carla Hommel, Finance

Department: Health

Information

ITEM

Consider an ordinance authorizing the award of the Annual Nuisance Abatement Mowing Contract to McLemore Building Maintenance, Inc., and Hydrozone Landscape Corporation.

PREFACE

This proposed ordinance authorizes the award of the Annual Nuisance Abatement Mowing Contract for the Health Department in the amount of \$275,000 with McLemore Building Maintenance, Inc., and Hydrozone Landscape Corporation. Notice of the Invitation to Bid were sent to 24 potential vendors and two (2) bids were received. These bids were opened and publicly read aloud on March 17, 2021, at 2:00 pm at City Hall in the Contract Coordinator's office utilizing Zoom Meetings.

This contract is used by the Health Department for vacant lot mowing and illegal dump-site cleanup. Due to the sporadic nature and number of work orders necessary to be processed during peak season, more than one contractor is required to perform mowing services. The contract has fixed rates and includes disposal reimbursement for illegal dump-site cleanup.

The amount of award is an estimated amount and allows for renewals with future consumer price index increases if requested by the contractors. Both contractors have provided past excellent service.

ITEM

Consider a resolution authorizing the City of Baytown to accept the 2021 grant from the Office of National Drug Control Policy for the Houston High Intensity Drug Trafficking Area Program.

PREFACE

This proposed resolution authorizes the City of Baytown to accept a 2021 grant from the Office of National Drug Control Policy ("ONDCP") for the Houston High Intensity Drug Trafficking Area ("HIDTA") Program and authorizes the City Manager to take all other appropriate actions to implement the grant.

The City has been informed that it has been awarded a grant from the HIDTA Program. This grant totals \$1,213,291.00 for program administrative costs plus allowable indirect costs to the City of Baytown. The Police Department is acting as the agent for this federal project. Funds are available through the Office of National Drug Control Policy. This program will be funded 100% by the Federal Government and no matching City funds are required. This will be the twenty-fifth (25) year of the program.

Meeting Date: 04/08/2021

Subject: Consider Establishing Redistricting Criteria

Prepared for: Karen Horner, Legal

Prepared by: Karen Horner, Legal

Department: Legal

Information

ITEM

Consider a resolution establishing criteria for the creation of a voting plan for the City of Baytown.

PREFACE

This proposed resolution establishes the criteria to be observed in the redistricting process. The proposed criteria provide the best opportunity for the redistricting decision to withstand the scrutiny of the Department of Justice and challenges that could be raised by interested parties.

In developing, evaluating and adopting a voting plan for the City, the proposed resolution provides that the City Council shall, where possible, use easily identifiable geographic boundaries as district boundaries and maintain communities of interest in a single district and avoid splitting neighborhoods when drawing district boundaries. Additionally, the following criteria are also enumerated:

1. use whole county voting precincts when drawing districts;
2. base the new plan, to the extent possible, on the existing council district;
3. draw districts that are relatively equal in size;
4. draw districts that are compact and contiguous; and
5. recognize incumbent-constituency relations by keeping existing members of the council in their districts.

This item supports goal of an equal distribution of residential population across the City's six (6) single member council districts.

ITEM

Present information regarding the Sunday, April 11th Funday Pop Up Park at WC Britton Park.

PREFACE

The Parks and Recreation Department is taking its show on the road and bringing an all new “Pop-Up-Park” to a park near you. The monthly events are designed to bring neighbors together and to highlight the city’s smaller neighborhood parks. The April event is scheduled at WC Britton Park.

The monthly event is planned on one Sunday of each month from March through October from 2pm – 5pm. The event will bring Town Square events to neighborhood parks across the city. The remaining schedule includes:

- April 11 – W.C. Britton Park
- May 2 – Central Heights Park
- June 6 – Bergeron Park
- July 11 – Pelly Park
- August 1 – Lincoln Cedars Park
- September 12 – Ginger Creek Estates Park
- October 10 – Allenbrook Park

Each event will be tailored to the host park; for example, the May, June, and July parks all have spray parks.

The WC Britton Park, 1305 Arizona Street, will feature a concert from Ryan Guidry and the Picture Book Band. There will be games, free ice cream, visits from different city departments with activities, and more.
